

INFINITE MASTERS INC.

COMPANY PROFILE

Wholesale supplier of mechanical, electrical, plumbing, fire protection and general construction materials.

COMPANY OVERVIEW

Who We Are

Infinite Masters Inc. (IMI) is a Filipino-owned corporation registered with the Securities and Exchange Commission in October 2015. We specialize in the sourcing and supply of high-quality, competitively priced construction products.

Our portfolio covers the core requirements of building projects — mechanical systems, electrical supplies and lighting, plumbing and sanitary materials, air-conditioning and ventilation, fire protection and life safety systems, and the installation consumables that tie them together.

We work with an established network of manufacturers and distributors, allowing us to source dependable, recognized brands and deliver them to contractors, developers and building owners at competitive prices.

Our commitment is simple: professional service and quality products. To meet it, we consistently adhere to recognized and accepted standards of quality and reliability in every product we supply.

OUR MISSION

To provide a comprehensive range of high-quality, competitively priced construction products, and to serve the business needs of our customers and suppliers as valued partners. Guided by sound financial planning and effective business practices, we pursue sustainable growth while remaining mindful of the interests of all our stakeholders.

OUR VISION

To be the preferred wholesaler of high-quality, competitively priced construction products in the Philippines — recognized for our professionalism, our extensive sales network, and the reliable, safe materials we provide to our customers.

WHAT GUIDES US

Our Core Values

Six principles shape how we source, sell and serve — and how we work with every customer and supplier.

01**Customer Service**

We respond promptly, follow through on commitments and treat every client as a long-term business partner.

02**Excellence**

We supply products that meet recognized standards of quality, and we hold our own work to the same standard.

03**Integrity**

We deal honestly and transparently with customers, suppliers and colleagues in every transaction.

04**Sustainability**

We favor durable, reliable materials and responsible business practices that support long-term growth.

05**Teamwork**

We work closely with our suppliers, our customers and one another to deliver complete, on-time solutions.

06**Efficiency**

We source, quote and deliver with speed and accuracy, keeping our customers' projects on schedule.
